Worth Enterprise Park, Valley Road, Keighley

Welcome to 2022 and the first edition of the Aire Valley Mag of the new year.

If fitness and fun are on your 'to do' list, Keighley Table Tennis is a venue for fun family activity. Every Saturday afternoon they have a drop in session for all ages and abilities. (See p18)

Keighley Healthy Living is featured on the Treacle page (p6) where you will find numerous classes and groups that will help and support your wellness goals.

For foodies who are looking forward to enjoying a meal out or are planning a special celebration like Valentine's Day or Mother's Day, Ashmount House is featured in this month's mag, see page 5.

Meet the new Interim Principle of Keighley College, Kevin O'Hare, who is keen to highlight his aspirations for the college and community, p16.

Have a great February!

Liz

## 101-year-old steam locomotive reaches its final hours of service

WORTH VALLEY

Keeping our bit of history alive is always challenging, so it's great to be able to report that one of our fleet - a 101-year-old steam locomotive - ran for the full period of its operational "ticket" before being retired and put in the queue for its next overhaul. It's testimony to the dedication and commitment of our 700 volunteers that the veteran loco was kept in such fine "fettle" to mean that it ran right up to New Year's Eve, hauling its last train up Keighley bank with a mournful whistle to see out 2021.

As we journey into 2022 it's great to be able to look forward to a full programme of events, especially after a very challenging couple of years. **We have trains running every weekend and daily during half term (19th-27th February), and our popular Wednesday railcar services recommence on 9th March.** We then welcome back the Steam Extravaganza 11th-13th March. Bookings will open shortly for the ever-popular Haworth Haddock fish and chip supper specials that are running 23rd

April and 28th May, and we are looking forward to supporting the return of the 1940s Weekend in Haworth 21st-22nd May. Further ahead we are very excited to be part of Keighley's Transport Festival, when there will be events across the town celebrating all things transport-related on Thursday 2nd and Friday 3rd June, coinciding with the Queen's Platinum Jubilee holiday. With so much planned, we are always very keen to welcome new volunteers, so do please consider joining the team as one of your new year resolutions. We have roles in the operational departments as well as behind the scenes in engineering, business administration and all the areas needed to keep a 150+ year old railway running. We provide full training and assessment, and would welcome as much or as little time as you can offer.

I'll finish by thanking you all once again for your support, which has been especially welcome during this very trying period, and we look forward to welcoming you on board soon. **Matt Stroh** *Chairman KWVR*

## New Keighley College leader keen to highlight world of opportunity

Education and training are vital tools when it comes to offering people the chance to secure life-changing opportunities. That is one of the key messages Kevin O'Hare will be promoting in his new role as Interim Principal of Keighley College, where he succeeds former Principal Steve Kelly. Mr O'Hare, who was previously Head of Leeds City College's Visual and Digital Arts department, is also keen to build on Keighley College's strong community links - and make more people realise what an asset they have on their doorstep. Keighley College, like Leeds City College, is part of Luminata Education Group and Mr O'Hare is excited to be beginning a new leadership journey. He said: "Coming from a predominantly creative arts background at Quarry Hill campus, in Leeds, I was already aware of the breadth and range of Keighley's curriculum offer, and that's the first challenge that excited me. "It's like a microcosm of the entire Luminata Education Group's further education provision consolidated into a single college building. "The second great challenge lies within the community of Keighley and the surrounding areas. This region has some of the most deprived and least deprived groups in the UK, and that gap needs to be closed. "For me, education and training are the primary ways to narrow this gap." A broad curriculum with exciting options Keighley College's educational offer is an increasingly wide one and includes everything from further education courses for 16-18 year olds and apprenticeships to adult courses and, through its University Centre, Foundation Degrees. The college has also embraced T Levels, the new two-year technical qualifications for 16 to 19 year olds that involve a mixture

### New Interim Principal of Keighley College, Kevin O'Hare

of classroom studies and on-the-job experience, with each one equivalent to three A levels. Mr O'Hare added: "We are in an exciting period for Keighley College. We are running T Levels in Health and Social Care and have other new subject areas, such as Digital and Engineering, in development. "I'm also proud of our new A level provision and developments in higher education and, of course, would like to see some creative arts curriculum back in Keighley - there's a lot of local talent to develop and nurture out there!" He is also committed to working closely with local businesses, organisations and residents to maximise the benefits they can all enjoy through their relationship with the college. He added: "I want the people of Keighley and the surrounding areas to realise what a gem they have at the heart of this town: our college is a gateway to all kinds of opportunities. "Keighley is a college for its community. Without the advice of the local people and the steering of employers we can't help our students progress into the jobs out there."

## BEHIND THE SCENES AT THE MUSEUM

It's a Tuesday in January and even though we are closed to visitors, the Museum is bustling with activity. Rooms are being prepared for decorating, electrical appliances are being PAT-tested, new exhibition graphics are being installed and BBC Look North's Paul Hudson is here filming a piece about the influence of the Yorkshire weather on the Brontës' writing. January is a time of looking ahead. After two years of uncertainty, restrictions and changes driven by the pandemic, we are mindful of Charlotte Brontë's words, 'hope elastic springs'

and are starting to look forward to the future with optimism. We have plenty to look forward to in 2022, so sit back and read on! In a new initiative, the Museum opened at weekends during January instead of being closed all month. It's been a great experience welcoming people into the Parsonage on a Saturday and

Sunday and then spending the rest of the week busy cleaning the collection or preparing the new displays. **The Museum will revert to opening five days a week from Wednesday 2 February and we are pleased to announce that we have introduced a new concessionary rate for residents of postcode areas BD20, BD21 and BD22.** We hope you will make use of this offer, particularly if you've never visited the Museum before. You'll just need to bring proof of address along with you. And don't forget that tickets are valid for 12 months, so you will be able to visit as often as you like after paying once. We are really excited about our new exhibition, 'Defying Expectations: Inside Charlotte Brontë's Wardrobe' which also opens on

Wednesday 2 February. Our curators have been working with costume historian Eleanor Houghton to exhibit some of the remarkable garments and accessories worn by Charlotte Brontë. The result is a display of brightly coloured, fashionable, even exotic items that boldly challenge the idea that Charlotte's clothing was plain or drab. The centrepiece of this new exhibition is a dress worn by Charlotte that has never been on display before and we are very excited to share this with our visitors for the first time. We'll be running a series of events alongside the exhibition, so look out for the **Big Brontë Clothes Swap** coming soon!

Later in the spring, we will be welcoming home a treasure trove of Brontë material that has not been seen in for almost eighty years. The items, which include letters, poetry

manuscripts and important 'little books' are part of the Blavatnik Honresfield Library which was saved for the nation by the Friends of the National Libraries in December. Seeing these items return to the place they were written and being able to display them will be a very special and moving occasion and one which all our staff are looking forward to.

There will be more to tell you next time, but in the meantime, on behalf of everyone at the Brontë Parsonage Museum, we'd like to wish readers a happy and healthy 2022 and hope to see you soon.

Rebecca Yorke, Interim Director  
Brontë Parsonage Museum

QUALITY INTEGRITY  
VALUE  
YORKSHIRE  
LOFT LADDERS

## Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
