CHRISTMAS TREES

HAWKCLIFFE FARM, KEIGHLEY ROAD,
STEETON, BD20 6QR

Our first frost is in the air and on the ground. I must confess, I didn't quite make it to November 1st without putting the central heating on, and the log burner has been going with some regularity. There is always an adjustment to be made when the clocks turn back. Somehow my body has to make an internal shift too. It is that time of year to hunker down. Appropriately, hunker comes from the old Norse word huka, 'to crouch' and stay in a particular place or situation for as long as necessary, preferably near a fire.

November sees the Centenary of the Armistice, a solemn occasion indeed. We've tried to include as many of the local memorial services as possible in our community pages.

Christmas is well and truly in our sights...Enjoy the build up but remember hibernation is always an option. :-)

CHEAP TRAIN FARES FOR LOCAL RESIDENTS on KWVR

- ◆ Take the train to Keighley to go shopping
 - ◆ Avoid road congestion and parking problems
 - ◆ Why not visit Haworth for a visit to Main Street, or for a pleasant walk in the country?
 - ◆ A great trip out for all the family – great fun for kids!
 - ◆ Or simply travel on the train enjoying a pint of Real Ale in our Award Winning Buffet Car
 - ◆ Free parking at most stations
 - ◆ Space for shopping, prams, bikes and dogs – all carried free!
 - ◆ Toilets on most steam trains
 - ◆ Trains at convenient times
- Since the line re-opened in 1968 the KWVR has very much been part of the local community, although primarily a tourist railway for visitors to the area. For many years however, the KWVR has operated a scheme whereby those people who live local to the railway can get a discount on the price of their tickets – thereby really becoming a community railway.

AM I ELIGIBLE FOR A RESIDENTS' RAILCARD?

If you live in the postcode areas BD20, BD21 or BD22, then yes – you can get a Railcard.

A Railcard is valid for one adult – the one whose name and photo appears on it. Each Adult can take with them up to 3 children aged 5 to 15 inclusive at around half the local resident adult fare. We also offer extra discounts for Senior Citizens and Children, more details on these further down the page.

HOW DO I GET A RAILCARD?

To get a Railcard you firstly need a passport sized photo. Then you simply go down to your nearest KWVR station, present your completed application form (available to download on kwvr.co.uk), provide proof of postcode, and we will issue your railcard. Proof of postcode must be a something recent which shows your name and address. For example driving licence, recent utility bill etc. Child and Senior Railcard applicants will also need to bring proof of age.

HOW MUCH DOES IT COST?

A Railcard costs £5, and is valid for 1 year. You could save more than the cost of the Railcard in one journey!

WHAT SAVINGS DO I MAKE?

All Local Residents receive 50% discount on the standard fare. This includes Adult, Senior and Child fares.

The Railcard gives discounts on almost every day we run, however, they cannot be used on Santa Special Trains (they can be used on the diesel service which operates on the same day as Santa trains, but not on the Santa trains themselves), or on certain special trains such as dining trains. On almost all other Special Event days they can be used, however the level of discount may be altered on some special events. If in any doubt, please check the web page for the event, or give us a call.

Put a smile on their faces this Christmas

We need your help to sprinkle festive fairy dust over child victims of crime across the North of the UK this Christmas. Embrace CVOC (Child Victims of Crime) charity has launched 'Dear Santa 2018' – a seasonal fund-raising campaign to bring joy and happiness to children and young people who have suffered trauma as a result of crime. Local individuals and businesses in Worth & Aire valleys are grouping together to purchase gifts for children. Some are replacing their Secret Santa with Embrace's

Dear Santa initiative. A local Keighley business has generously donated their premises to receive the gifts and act as Santa's Elves, wrapping and sending the gifts out in time for Christmas.

You can purchase a gift for a child victim of crime directly from Amazon Smile online. Simply select the wish-list for your area. Here you'll find a list of Dear Santa gifts together with details of the recipients, for example their age, the region they come from and the crime.

Buy an extra gift for a child victim of crime when you shop online. It's as easy as...

-  Visit www.embracecvoc.org.uk/dear-santa
-  Pick a Dear Santa **wish-list** based on where you live
-  Choose a **child's gift** and buy direct from Amazon
-  Leave details to request a **Certificate of Appreciation**
-  Embrace **CVOC Elves** will wrap the gift
-  Santa will deliver it in time for **Christmas Day!**

Thank you for your kind generosity!

Haworth Parsonage Sale Catalogue 1861

an auction which took place on 1st and 2nd October 1861.

Candlesticks, tea pots, kitchen scales and furniture were among many general household wares which were included in the sale. Although Charlotte was quite well-known at the time of her death, many people who attended the auction did so in the hope of obtaining a bargain!

A well-known item in the sale was the dining table at which the sisters wrote. It is considered to be one of the most important literary artefacts of the nineteenth century. The use

of the dining table as a writers' table is evidenced by the number of ink blots on it and you can tell it has been well-used. It is precisely because of the detailed inventory of the lots sold at the 1861 auction that the provenance of this, and many of the other treasures in the possession of the Brontë Society, can be confirmed.

As well as being a valuable source of provenance, the sale catalogue is an incredible source of information about the daily life of the Brontë family. Included in the auction were fascinating items such as silk umbrellas, a coffee mill and a pestle and mortar. There were also many books listed, including grammar books and a History of Rome.

Being the complete Brontë enthusiast I am, I am so happy to work with these treasures used by the family. It is also exciting to know that Brontë household items, which were sold in that 1861 sale, are still finding their way back to Haworth.

Kate Walker Museum Assistant

Working as a Museum Assistant at the Brontë Parsonage is a dream job and a privilege. Meeting visitors from all over the world is a wonderful experience and I enjoy people's reactions to the parsonage and its incredible treasures. The house is graced with items that the family used on a day-to-day basis and I get asked many questions. People are always astounded by the fact that so many of the family's personal possessions have made their way back home.

One of the most significant sources of provenance for the treasures is a sale which took place after Mr Patrick Brontë died in 1861. Mr Nicholls, Charlotte's husband, had stayed at the Parsonage after Charlotte's death in 1855 in order to help Mr Brontë. After Mr Brontë died, Mr Nicholls inherited many of the Brontë family's possessions. He returned to Ireland, his birthplace, and took with him the items he wished to keep. The remaining household items were placed in

Aireworth Dogs in Need

dogs are coming from the pound we don't know the history so need pet and childfree options whilst we assess the situation. Our fosterers are so valuable; they allow dogs to come in, settle into a home environment to be assessed before we can match them to the perfect home. We hate saying no to any dog in need, exploring every option to get them safe, often involving numerous phone calls and juggling to find a suitable space. Once a dog arrives in our care, we take it to the vets for a health check. Very few are vaccinated or neutered so we undertake this asap.

We are often asked "how does it all work?" below is dog rescue in a nutshell!

We are all volunteers – Aireworth Dogs In Need (ADIN) has no paid staff and everyone involved has other commitments; work, family etc and rescue activity is squeezed in amongst our "real lives"!

Daily we are asked for advice or to rehome peoples dogs; usually health, relationship, work or housing related reasons are presented. Often it's an emergency from people at crisis point wanting the dog moving that week or even that day. About 65% of dogs we rehome come to us from owners, the remainder being requests from the pound. Unclaimed dogs are on "put to sleep lists". The pounds contact rescues like ADIN to request we take the dog to prevent them being euthanised.

We're a foster-based rescue; we don't have kennels or a "centre" so without free fosters we can't help. This is our biggest challenge; we rely on fosterers and when

Unsurprisingly some dogs have behaviour needs due to past experiences. It's sad and challenging to see dogs scared and unsure and sometimes this presents as aggression. Working with qualified behaviourists we assess the dog, offering support to the fosterer so they can help the dog feel safe and secure.

We home-check every person wanting to adopt or foster with us so we know the sort of home they can offer. Again this is all done by volunteers and approved by our committee.

In 2017 we rehomed 112 dogs and so far this year 74 have gone into forever homes; all in our spare time!

back centuries, where children would vandalise property, terrorise the elderly and generally get their own back on those they considered their 'enemy'. There is a theory that it was exported to America by Yorkshire migrants and that it laid the foundations for 'Trick or Treat'.

It was about 40 years ago when my dear departed Father-in-Law answered the door to a group of fresh-faced children and shouted 'Trick' whilst launching a bucket of water at them. Obviously, I do not condone such activity and always keep a large bowl of confectionary next to the door in case we are surprised by cherubs demanding sweets.

Bonfire Night, on the other hand, was a delightful family occasion when my Dad lit a few small but interesting fireworks before we could go back inside and continue watching TV. It was a time when someone at school always managed, unwitnessed, to buy a firework more powerful than the atomic bomb and where buckets of sand, a tin box and a milk bottle were essential kit for any Firework Event. Do be careful out there and let me know if anyone has seen a Catherine Wheel in action since 1985.

Antony Silson loves walking with his two dogs, has a vast music collection, watches a lot of films, enjoys cheese and lives in Keighley. His show airs on Drystone Radio Sundays 5-7pm

Inside *Turnips & Traffic Lights* by Antony Silson

We all complain about it now, but once upon a time it was a lot worse. Nowadays we think of this time of year as a time when supermarkets go into overdrive and when the lights in the house are turned off so the children don't ring the bell (or perhaps that's just me!). Oh yes, Halloween and Bonfire Night are not what they used to be.

Older readers will remember that before pumpkins were carved and sculpted into something terrifying and beautiful we had turnips. Yes, we used something that wasn't really designed for aesthetic purposes or candles. You could carry them around with a piece of string, but it isn't really spooky and now makes everyone think of Baldrick in Blackadder. Then there is the practice of Trick or Treat. What has now become a peaceful act of children in fancy dress begging with adult supervision was once an occasion when shopkeepers were warned by the police not to sell eggs or superglue to children. Mischief Night is a peculiar Yorkshire phenomenon going

IS YOUR CONSERVATORY TOO HOT IN SUMMER AND TOO COLD IN WINTER?

Transform your conservatory into a cosy living space

Millions of homes across the UK enjoy the added luxury of a conservatory, whether it's for entertaining, extra living space or simply enjoying the views of the garden. But older conservatories can come with drawbacks - more often than not they are too cold in the winter and too warm in the summer, meaning they are underused. But now that's all changing. UltraRoof380 is helping transform conservatories into beautiful, elegant spaces, complete with vaulted ceilings and full-length glass panels to let the light flood in. The roof has been developed specifically for owners wanting to reinvent a conservatory and turn it into a room that feels more like an extension. While conservatories bring in plenty of natural daylight, the UltraRoof380 provides the best of both worlds, allowing

you to design a room with a solid roof but also the ability to include glazed sections, giving you privacy yet still providing plenty of daylight. Developed using UltraTile, the lightweight tile system is as near to the real thing as you can get. Available in three realistic tile colours, the UltraRoof380 looks as good on the outside as the inside. There's also zero upheaval. Expert fitters from Ploughcroft will have your old roof removed and your UltraRoof380 installed in no time—all you need to do is sit back and watch your transformation.

So, if you want to revitalise your existing conservatory or add to your living space, call 01422 202 919 for more information or visit www.ploughcroft.co.uk
