It has been a year of challenges and heartbreak. I don't know anyone who has been left unscathed. We aren't through to the 'other side' of this pandemic but there are signs of hope and I am encouraged by the resilience displayed by so many in our community.

If you are struggling to cope, there is someone at the other end of the phone. No judgement. No pressure. Call the Samaritans for free, 24 hours a day, 365 days a year on 166 123.

If you need a plumber, an electrician, a motor mechanic, a security consultant, a cleaner, an ironer, a painter, a draper, a therapist, a butcher, a beautician, a bookkeeper, a chimney sweeper... I definitely know someone who can help. You will find many local traders and trustworthy vendors here. *Peace & Happy Christmas to all!*

MADE IN THE UK
PREMIUM QUALITY
Hot Tub and
Water Hygiene
Training Co.

We are all looking for unique and special ways to celebrate and spend time together. Given the changing circumstances we find ourselves in it is reassuring to know we can still find ways to stay safe and have fun in the comfort of our own gardens.

Bubbles2u hot tub hire is a new family run business based in East Morton.

We started the business after having to cancel a birthday party. Rather than feeling deflated we discovered that it was possible to hire a hot tub and enjoy a fabulous relaxing and luxurious time amongst the soothing bubbles. It was so fabulous in fact, that we were convinced that others would love the experience too.

Our research led us to invest in British made high quality hot tubs and we underwent specialist training to ensure that every detail was scrutinised in our set up. We are

BISHTA trained which means we know and care about how to look after both your safety and enjoyment when hiring one of our hot tubs.

Introductory offer:
£300 for two weeks hire

up to March 2021 (excluding Christmas & New Year).

Don't let the weather put you off – you can also hire a gazebo and hear the gentle pitter-patter above whilst keeping the rain off your head. What a lovely way to spend time together as a family or to just soak and relax at the end

of the day. Go on, you deserve it!

HAWORTH CROSS ROADS & STANBURY PARISH COUNCIL

As we near the end of what has been without a doubt an incredibly difficult year for the country. I wanted to take the opportunity to reflect on some of the positives which have been achieved and thank residents for the incredible manner in which they have supported one another. The community spirit has been amazing to see and is one of the many reasons why we are so lucky to reside in our fabulous villages. When the pandemic first hit the country back in March, community groups, businesses and organisations did not hesitate in coming together to support the most vulnerable in society.

In spite of the challenges, the Parish Council has managed to move forward on many of its environmental development works. Self Watering Planters are gradually being introduced across the Parish, to replace some of the now dilapidated wooden structures. In order to ensure that these planters remain in the best condition even during the Summer months, we are working hard to identify local residents and business who will take on responsibility for the watering of the planters. My sincere thanks go to all of those who have stepped forward to help to date.

The Friends of Cross Roads and Haworth

Central Parks have continued their work to ensure that our Parks remain a pleasant environment for all to enjoy. In Cross Roads, Stone Balls were reinstalled at the entrance to the Park and a number of new litterbins have recently been provided by the Parish Council. Haworth Central Park once again retained its 'Green Flag Status'.

This year has seen some very positive joint working with our District Council. In Stanbury, the Main Street was fully refurbished over the Summer and parking areas vastly improved. We were also delighted to see the '1937' sign at the bottom of Main Street in Haworth, fully restored, after suffering many years of neglect. The sign now looks fabulous and is a real feature of the area.

On a positive note, we were recently informed by Councillor Peter Corkindale, Chair of Keighley Town Council, that Haworth and some parts of Cross Roads have been included in the Keighley Town Investment Plan Project. This is a Regeneration Project with the potential to bring millions of pounds of Government funding to the area. I am currently working on a bid proposal to refurbish the Public Toilet Blocks at West Lane in Haworth, which if successful would complement Keighley's plans to attract further tourism to the area.

Local businesses and especially those who rely upon on our tourism industry have suffered greatly during the pandemic. When restrictions are lifted, I would urge residents to shop, eat and drink local where at all possible. These businesses are the lifeblood

of our communities and we must do all we can to support them and protect their future.

Christmas will clearly not be the same in the villages this year, with all the usual events and activities not possible. However, the Parish Council has once again provided the Christmas Trees in Cross Roads and Haworth. I think we can all agree that seeing all the Christmas decorations is certainly bringing a little cheer to us all. This has been warmly

received again this year by adults and children alike.

Oakworth Advent Windows 2020

Oakworth advent windows are all set to bring sparkle this December! Oakworth residents are coming together to bring a little extra light and magic into everyone's lives with a village advent calendar made up of windows in homes, village institutions and businesses. The windows, which will be lit between 4pm and 8pm in the evenings, will feature a huge variety of designs and can be viewed from the roads so that people can enjoy a winter walk alongside some festive sparkle. The first windows will 'open' on

December 1st and new windows will keep opening throughout the month, with the final window opening on the 24 December.

This is the first time the village has done an advent calendar in this way, but residents are hoping that it will bring some much-needed brightness to the end of 2020. You can find out more and see details of where each window will be at the village advent calendar website at <http://advent.oakworthcommunitytrust.org.uk> and updates on social media will use the hashtag **#oakworthadventwindows**

HW **Haworth Wholefoods**
 purveyors of essential & extraordinary things you need & want

Classed as an essential shop, **Haworth Wholefoods** on Main Street has remained open 7 days a week throughout both national lockdowns, serving the community and providing an important local contact point.

Whilst it is the perfect place to pick up staples like fresh organic fruit and veg, dry goods like porridge oats, flour, nuts, beans, pulses, condiments, did you know it also has a particularly amazing selection of vegan products, ranging from healthy snacks & luxurious treats, (Booja Booja chocolate truffles are our favourite!) to seasonal specialty items, such as vegan panatone.

A changing selection of locally handmade baked goods feature Lucy's courgette cake, chocolate brownies, and the ever popular savoury Pennine Pasties, hot and ready to take away. (Our tip: Buy the pasties frozen and bake them at home when you are stuck for a quick and easy tea). An interesting product of note and foraged from local heather is small batch Honey from Haworth. "It has a subtle floral flavour and makes a lovely gift," explained Dagmar Robertson, proprietor.

beautifully packaged natural soaps and toiletries to choose from...or you can create a really scrummy hamper with chocolates, vegan cheeses, jams, dates, nuts, biscuits, coffee, (Monmouth coffee is a great choice!) ... this is a one stop pureveyor of fascinating deliciousness.

For those who would like a regular veggie box, contact the shop to find out what options are available to best suit your need.

Are you curious about the ancient practice of acupuncture and how it could help you today?

What is Acupuncture?
 Acupuncture is a Chinese medicine system and is known as a form of alternative medicine. There are 2 types of acupuncture practised in the UK today: Traditional Acupuncture (also known as Traditional Chinese Medicine - TCM) and Western Medical Acupuncture.

TCM is over 3,000 years old and is based on the belief that energy (Qi, pronounced 'Chee') circulates in channels, or meridians in the body. When the Qi stops flowing freely, this can cause illness. Fine needles are inserted along points in the meridians which restores the flow of Qi and rebalances the body. I am a TCM practitioner.

Western Medical Acupuncture was developed in the 19th Century and is practised by GP's, Physios and Osteopaths. It focusses on musculoskeletal issues and alleviating pain. In this case, the needles are thought to produce pain relieving endorphins.

How will it help me?
 TCM Acupuncture is beneficial for a wide range of physical, emotional, or psychological issues. Whatever your health concern, treatment is designed to affect your whole body and not just your symptoms, so you may notice other niggling complaints also get better with a course of treatment.

Does Acupuncture hurt?
 Most people report they feel nothing. If anything, it may feel sharp for a split second, then a pleasant tingling, warmth, or a heavy sensation. The needles are finer than a head hair, so should not be compared to an injection.

Is it safe?
 Absolutely! All needles are sterilised and kept in secure packaging. When they have been used once, they are disposed of safely. I follow a safe code of practice as a member of the British Acupuncture Council to ensure your health and safety; and especially during these Covid times.

How many sessions will I need?
 We discuss and agree a treatment plan together during your consultation. As a rule, we suggest 5-6 sessions reviewing regularly.

Support our Independents

Local independent businesses are the backbone and character of our villages & towns. They make up the vast majority of traders and bring colour, individuality and unique attributes to our community. Now more than ever Independents need our support in order to ensure they can continue to serve the community with passion, sustaining the very fabric and vibrancy of our high streets. The fantastic thing about independent businesses is that they are run by people, not by boards, stockholders or algorithms. As they are run by local people you will find a touch of warmth, a familiar and welcoming smile. This natural authenticity is often

more appealing than a chain. Although many chain businesses do have good customer service, you can't beat the personal touch of a owner who knows everyone in the neighbourhood. Building relationships between the local owner and the local customer goes further than just a purchase. It is also worth remembering that local shops stock an inventory based on their own customer's choices rather than national fashion trends.

This Christmas think big & shop small!

TIER 3 OR NOT TIER 3, THAT IS THE QUESTION!

At the time of writing, we are in the throes of Lockdown 2.0 and awaiting to hear what restrictions will be in place when 3 December arrives. It was another blow to have to close the Museum again in early November, but thanks to a lot of hard work over the summer, we now have everything in place to enable us to reopen safely once we are allowed to do so.

A combination of the atmospheric house, our carefully-curated displays and a warm welcome from our knowledgeable staff means that

a visit to the Parsonage is always special, but due to social distancing requirements, people visiting during September and October also benefitted from having many of the historic rooms to themselves. We hope that once we are able to reopen, those of you who have never been to the Museum before (and we know you're out there!) will choose to follow in the footsteps of thousands of people from all across the world and step across the Parsonage threshold.

It is the lead up to Christmas of course, and whether or not the Museum is allowed to welcome visitors in December, our shop will be open, both online and on Church Street. We stock a wide range of Brontë and literature-inspired gifts, stationery and homeware, as well as shelves and shelves of books by and about the Brontës. Why not use the voucher opposite to treat yourself or a loved one?

We are determined to find new ways to bring the Brontës to the world even when

the Museum is closed, and The Brontë Lounge, the new digital event space we launched over the summer, has been key to bringing Brontë enthusiasts together from across the world. On Thursday December 10, our Brontë Lounge guest is Rowan Coleman, aka Bella Ellis, author of the Brontë Mystery novels. In this zoom event, she will talk to our host Helen Meller about her love for the Brontës and the local area, and the inspiration behind her popular fictional series. Tickets cost just £5 and are available from www.bronte.org.uk/whats-on.

Some of you will be aware that 2020 marked the bicentenary of the birth of Anne Brontë. Due to the pandemic, a lot of the talks and events we had planned were not able to take place, but many of these will now take place in 2021, including our special exhibition, 'Anne Brontë: Amid the Brave and Strong' which will now run until 2022. Please sign up to our newsletter at www.bronte.org.uk to stay up to date with the latest information about opening times and events. Finally, on behalf of everyone at the Parsonage, I would like to say a huge thank you to everyone in our local community who has supported us during this difficult year either by donating to our Just Giving appeal, visiting the Museum, making a purchase from our online shop, joining the Brontë Society or just sending us your thoughts and encouragement. We are very grateful to you all and wish you all a safe and peaceful Christmas and a happy and healthy new year.

CJ MOTORS ...MORE THAN MECHANICS

Martin & Chris Jackson

car hire company, which rents out E-Type Jags, a 1969 Ford Mustang, a 70's Corvette Stingray, AC Cobras and many more. "It's a very interesting job", Martin told us. "One day my dad could be welding an 80s Fiesta XR2, while I'm rebuilding a BMW engine, and the next we'll both be fault-finding on an E-Type Jag!"

Chris has now handed the reigns to his son Martin, a 3rd generation mechanic, who worked for his dad from the age of 14 and then qualified at Keighley College. Since taking over the business, Martin has

CJ Motors is a family-run garage situated in Keighley's Dalton Mills, specialising in car servicing, maintenance and recoveries. Run by Chris Jackson and his son Martin, the business has been operating since 1999 when Chris followed in his dad's footsteps and used his mechanic skills to setup CJ Motors in Haworth's Bridge House Mills.

Thirteen years later, in 2012, they moved to Dalton Mills. Chris said, "It was a difficult move for the business, because we didn't know if we would lose our loyal customers. But luckily they stuck with us and we are still servicing their cars even today."

Aside of running CJ Motors, Chris and

not wasted any time developing CJ Motors – he's given it a fresh rebrand; employed two new mechanics; bought new machines, including a deep carbon cleaner and tracking and wheel-alignment equipment; and is now developing a new MOT centre in Dalton Mills to offer certified MOT services.

Martin said, "I wanted to bring the garage up-to-date with the latest technologies, from our accountancy software to speed-up invoicing and end-of-year accounts; to offering deep carbon cleaning (DCC), which is essential for all cars." DCC improves fuel efficiency to give customers better performance and lower emissions. Asked what this means for his customers, Martin said: "With DCC they will get more miles

to the gallon and extend the life of their engine as the process includes cleaning out carbon deposits at a deep level, effectively unclogging the engine".

What about the future of CJ Motors? Martin tells us his priority is to continue providing a quality, friendly service for their customers.

The MOT centre is expected to be completed by the end of February 2021, at which point CJ Motors will offer a complete motor maintenance service.

Give CJ Motors a try. Contact them on 01535 680020 and use the discount voucher below for 10% off.

The team at CJ Motors

Martin have something else in common. The love of classic cars! They are big fans of old Fords; Ford Capris in particular, which they both own. They also enjoy maintaining the quirky cars of a local classic

Proud sponsor of Steeton AFC!

Since our last update in April, the Worth Valley Foodbank has witnessed an outpouring of generosity and unending support from all sections of the Worth Valley community. Be it donations of food, toiletries, pet food or monetary donations, both one off payments and direct debits, we have seen a seemingly endless stream of goodwill and kindness from individuals, local businesses and organisations. Haworth and Stanbury primary schools donated their Harvest Festival goods to us too!

Opening our new stock cupboards at West Lane Baptist Church cannot fail to warm and uplift the heart in these difficult times.

Our many volunteers have taken up the challenge of adapting to the rapidly changing conditions of working under Covid rules, switching from giving out food parcels face to face to preparing deliveries to homes and families in the Worth Valley. We have been able to support some of the vulnerable in our community throughout the pandemic, others once or twice at particularly difficult times in a month or in emergency situations.

From April to November this year your local Foodbank has provided 381 adult food parcels, 177 for children and 94 for pets. For this outstanding show of solidarity and goodwill all are extremely grateful.

As we enter the winter months, apart from providing basic food parcels, we will be able to bring some added comfort and a feeling of togetherness to our Foodbank users. The Worth Valley Foodbank was founded for the short term relief of food poverty for the benefit of those in need. The best way our community can now help is to spread the word amongst friends and neighbours that no-one in the Worth Valley needs to be alone in their struggle. Whether working on a low income, self employed or in receipt of benefits, we are here to help. We can provide a basic food bag and toiletries, we also have pet food for your furry family. We help individuals and families in Haworth, Cross Roads, Oakworth, Oldfield, Oxenhope and Stanbury.

The Foodbank can be contacted on **07704586030** or via our website **www.worthvalleyfoodbank.com** or our Facebook page.

Worth Valley Food Bank is open every Tuesday from 1-3pm at West Lane Baptist Church.

Coconut & Almond Macaroons

Ingredients

- 2 egg whites
- 115g (4 oz) icing sugar
- 115g (4 oz) ground almonds
- 1/4 teaspoon vanilla extract
- 115g (4 oz) dessicated coconut
- 100g Dark Chocolate (80% cocoa solids)

Method

Preheat the oven to 150 degrees C (Gas 2). Grease two baking trays.

Use an electric beater to whisk the egg whites until stiff but moist. Sift in the icing sugar and gently fold into the egg whites. Gently fold in the almonds, vanilla extract and dessicated coconut until the mixture is combined, forming a sticky dough.

Spoon 50p-sized dollops of the mixture onto the baking trays and slightly press down with a fork to create a flatter round biscuit.

Bake in the oven for 20 minutes, until the macaroons are crisp and golden on the outside.

Transfer to a cooling rack.

Melt the chocolate in the microwave and pipe (or drizzle) onto the cooled biscuits. Let the chocolate harden. Serve.

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in. The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overniding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
