GRILLED CAULIFLOWER

by Martin Lingard

I'm not vegetarian, but I do enjoy cooking and eating vegetarian food. Some of my friends are vegetarians, so whenever I host a barbecue, I always make sure to include at least one proper veggie option. That said, I've yet to find a shop-bought vegetarian sausage or burger that hasn't ended up in the bin after the first bite...

This is one of my favourite vegetarian barbecue dishes—simple to make, full of flavour, and always popular.

Ingredients (Serves 6)

- 2 medium cauliflowers
- Olive oil
- 150g unsalted butter, cut into 6 slices
- Salt and black pepper
- Baking parchment
- 6 tbsp flat-leaf parsley, chopped
- 2 tbsp pine nuts, toasted
- 4 fat garlic cloves, finely chopped
- 1 large unwaxed lemon, zested

Method

First, fire up your barbecue; you want it medium to hot, as you would for grilling a steak or burger. If you can control the temperature, aim for around 180°C. Trim the leaves from the cauliflowers and

turn them upside down. Cut each one into three thick, steak-like slices from the root end, keeping the root intact so the slices hold together.

Brush both sides of each cauliflower 'steak' with olive oil and season well with salt and pepper. Grill on both sides until nicely charred and golden. Once done, transfer to a plate.

Line a large, inexpensive steel or aluminium roasting tin or baking tray with baking parchment. Arrange the grilled cauliflower slices inside; it's fine if they overlap a bit. Place a slice of butter on top of each piece, season lightly, and cover with more parchment, folding the edges together to make a loose parcel.

Place the tin on the barbecue. If it has a lid, close it; if not, cover loosely with foil to create a tent. Cook for 20–30 minutes until the cauliflower is tender.

While the cauliflower cooks, make the gremolata: mix the toasted pine nuts, parsley, garlic, and lemon zest in a bowl. If you like a bit of heat, add a finely chopped red chilli. To serve, arrange the cauliflower slices on a platter and scatter a generous pinch of gremolata over each one.

Cliffe Castle

Send a Postcard from Bradford this Summer

Start planning how to celebrate your summer in Bradford, as the district takes centre stage as UK City of Culture 2025. Everyone's welcome at The Beacon, a stunning performance space brought to you by Bradford 2025 and arriving for a month long stay at Cliffe Castle Park from 10 July. Perfect to combine with the amazing Ice Age Now exhibition at Cliffe Castle Museum (21 June – 14 Sept). Experience the new production of The Railway Children (15 July – 7 September) in the atmospheric setting of Oxenhope station or head out onto the moors above Haworth to discover Wild Uplands and the accompanying Opera North soundtrack Earth and Sky (until 12 October).

August 1st is Yorkshire Day, and this year Bradford and Ilkley have the honour of co-hosting the celebrations. The brand-new venue Bradford Live will be throwing open its doors for the first time for Yorkshire Calling, a standout evening featuring music and poetry with a distinct Yorkshire accent. The fun will continue in Ilkley throughout

the weekend including a Yorkshire market, the Yorkshire Beer Festival and family activities around the town.

The city centre redevelopment has created spacious pedestrian boulevards and beautiful places to stop and relax and take in the historic architecture of the city. But it's not just the streets which have been transformed, the National Science and Media Museum will unveil its new Sound and Vision galleries on 10 July following a £6m refurbishment and the brand-new Darley Street Market, complete with a delicious new food hall, will open with a fun packed weekend of events (12-13 July). Away from the buzz of the city, step into the beautiful landscapes which surround the district. Whether it's a summertime stroll beside the canal at Saltaire, family time in the park, or taking a more adventurous route across the heather clad moors.

Remember to send that postcard and pass on your invitation to visit Bradford this summer. Find out more at www.visitbradford.com Follow us on social media:

We're steaming towards summer with a packed calendar of running days, live theatre and much more to enjoy along the Worth Valley.

From Tuesday, 16th July to Saturday, 31st August, steam trains will run daily, offering families, visitors, and enthusiasts the perfect opportunity to experience the sights, sounds, and smells of classic steam travel through the stunning Yorkshire countryside. Whether it's your first visit or your fiftieth, there's something timeless about a journey on our historic branch line.

This summer, we're especially proud to present something very close to our hearts — a live theatre production of *The Railway Children*, staged at our very own Oxenhope Station as part of Bradford 2025 City of Culture, in partnership with York Theatre Royal. This enchanting performance brings E. Nesbit's beloved story back to the valley where the iconic 1970 film was made. It's a magical experience for all ages, and advance booking is essential on the Bradford 2025 website.

Looking ahead, there's even more to get excited about. Our Magical Adventure with the Elf Explorer returns later this year, celebrating 60 years of festive journeys with Father Christmas. And don't miss our biggest party of the year — the Five-Mile Beer & Music Festival — with tickets going on sale in early August.

As always, the railway is kept running by our incredible team of volunteers and staff, whose passion and hard work bring the Worth Valley Railway to life, every single day. Thanks to them, every visit is filled with charm, character and that unmistakable Worth Valley warmth.

We look forward to welcoming you on board this summer — whether you're here for the theatre, the trains, or just a great day out in Yorkshire.

**Our Keighley
Denture Expert is
Matthew Varley

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental Institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

**Everybody has
the right to smile!**

*Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?*

With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

*"I have finally got my confidence back,
I never imagined I could smile like this.

'Green Energy Gone Wrong'- Why we must say no to Walshaw Moor Wind Farm

Plans have been submitted to build England's largest onshore wind farm; 65 colossal turbines towering over the wild, ecologically rich landscape of Walshaw Moor in the Calder Valley. On paper, it sounds like green progress. In reality, it's anything but.

This isn't a rejection of renewable energy. Wind power is vital. But placing a vast industrial development on one of the most sensitive and protected peatland areas in the country is not progress, it's environmental vandalism.

Walshaw Moor stores massive amounts of carbon in its peat. In fact, UK peatland stores 26 times more carbon than forests. Disturbing it to construct turbines taller than Blackpool Tower would release huge quantities of carbon into the atmosphere. Ironically, this so-called green energy project would unleash a carbon bomb. The moor also plays a critical role in flood prevention. Its blanket bog absorbs rainfall and slows runoff, protecting communities like Hebden Bridge, Mytholmroyd, and

Todmorden, places that have endured devastating floods in recent years. Construction would damage this natural flood defence, undermining millions in public investment and years of community effort.

Beyond the environmental cost, there's a serious economic impact. The two-year build would close off cherished walking routes, including parts of the Pennine Way, threatening local tourism and hospitality businesses already under strain.

An RSPB study confirms that there's ample land in England suitable for wind farms without building on protected peatlands. The government's obsession with scale, the 'biggest wind farm in England,' must not come at the expense of irreplaceable landscapes and climate stability.

This is not nimbysm. It's common sense. We need renewable energy, but not like this. For the sake of our climate, our safety, and our communities, we must oppose the Walshaw Moor Wind Farm.

BEHIND THE SCENES AT THE MUSEUM

We're heading into our busy period here at the Parsonage, and we've got loads of events coming up to keep the whole family entertained this summer!

Join us for a day of creativity and inspiration on **Saturday 26 July**, at **'Celebrating Emily Brontë: Wild Drawing'**, a mixed media workshop led by local artist Anji Timlin, taking place on Penistone Hill and in the Old School Room. Plus, on **Sunday 27 July**, we're delighted to be celebrating the timeless connection between **Kate Bush and Emily Brontë** on their shared birthday with a **Mass Wuther** like no other. All you need is a flowing red dress and a Kate Bush wig to take part in this unforgettable dance performance of her 1978 No. 1 hit, and anyone who comes dressed the part will be able to enter the museum for just £10!

As the Summer Holidays get underway, we

have plenty to keep little ones entertained at our weekly **Wild Wednesday and Busy Like the Brontës workshops!** These workshops are free with entry to the museum, and remember, your ticket is valid for 12 months, so feel free to drop in as often as you'd like!

On **Saturday 2 August** we'll be hosting **'Brontës, birds and butterflies: A family day at the Parsonage.'** We'll be taking over the beautiful meadow behind the Brontë Parsonage Museum for **a day of fun, free activities for all ages!** We'll have a live theatre show, free workshops, and we'll be joined by Bob the Butterfly and his perfect match, Gerry the Gerbera, they'll be sashaying down the cobbled streets and delighting the crowds. However, their gardening advice might be a bit hit or miss! **For more information on all of these events, and more, visit bronte.org.uk.**

QUALITY INTEGRITY VALUE
YORKSHIRE LOFT LADDERS

Yorkshire Loft Ladders, Quality You Can Trust

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in.

The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 +VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Mark Hodson explains: 'Our watchwords are Quality,

Integrity and Value. Quality in the materials that we use for all our installations and the fact that all our loft packages are fitted by time served tradesman so our customers are assured of the best job. Integrity in that we will turn up at the time we say and make sure the house is spotless when we leave, and Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge

amount of our calls from people who have been referred to us by our existing customers - that simply wouldn't happen if we didn't adhere to our overriding principles.

At the end of the day the old adage that happy customers lead to more happy customers is true and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359

and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft.
