Summer has a way of changing the pace of life. Alongside village fetes, flower and garden shows, picnics in the park, and the occasional sporting tournament, there's also something to be said for slowing down, reclaiming an afternoon, and rediscovering a good book and a comfortable chair in a quiet corner of the garden. Local festivals and community events quietly stitch the seasons together, and they're well worth making time for, whether simply to enjoy or to get involved. A perfect example is the Haworth & District Gardeners' Show, where entries are just 40p and there are over 100 categories to choose from. Worth Valley Magazine is sponsoring the "six shallots" category. For younger gardeners, entries are free, with creative options including painted pebbles, figures made from flowers, and cress grown in an unusual container. So while the world speeds on, there's something rather lovely about staying local and seeing what's growing all around us. Enjoy!

BUILDING YORKSHIRE'S FUTURE WORKFORCE STARTS WITH SKILLS INVESTMENT

By Clare Fitzgerald, Head of Business Development, Luminate Education Group

When we talk about economic growth, we often focus on investment, infrastructure, and ambitious targets. But less attention is given to the people who

ultimately deliver them.

Across Yorkshire, employers consistently report growing difficulty finding people with the right skills. At the same time, more than one million young people in the UK are not in education, employment, or training (NEET).

These two challenges are closely connected. **If businesses cannot recruit, they cannot grow. If young people cannot access opportunity, talent is lost. Solving both together is essential to strengthening the regional economy.**

Build & Recruit

Yorkshire is preparing for significant investment in housing development, infrastructure expansion, and the transition to a greener economy. However, Local Skills Improvement Plans continue to highlight persistent shortages in construction, engineering, manufacturing, and professional services.

Skills development is no longer optional, it is foundational to economic growth

At Luminate Education Group, including Keighley College, we work directly with employers to respond to these gaps. In practical terms, this includes the reintroduction of apprenticeships in plumbing and electrical installation,

responding directly to employer demand and supporting critical infrastructure delivery.

We are also supporting housing and retrofit ambitions. These trades are essential to building new homes and upgrading existing stock to meet net zero targets.

In addition, we have brought back the Level 2 Business Administration Apprenticeship. Previously one of the most popular entry routes in England, it was withdrawn in 2024. Its return provides a vital first step into work for young people.

For many learners, apprenticeships are not just training, they are the foundation of a career, combining real workplace experience with essential professional skills.

Why apprenticeships matter

Apprenticeships play a critical role in: Filling urgent skills gaps for employers Supporting social mobility and inclusion Building long-term workforce capacity Creating clear pathways into stable employment.

A call to action

If Yorkshire is serious about delivering its growth ambitions, skills must sit at the centre of the strategy.

We need stronger collaboration between employers, education providers, and government to ensure training keeps pace with real demand.

- If you are an employer looking to develop future talent, or
- If you are someone ready to start your career through an apprenticeship, we are ready to act and we invite you to contact us: apprenticeships@keighleycollege.ac.uk

MAKE IT BRADFORD

Bold landscapes and inspiring activities allow you to craft your perfect summer

experience. This summer, visit **Made by Many**

Hands at Bradford Industrial Museum (until 16 November), an exhibition celebrating the many crafts found across Bradford district. It is accompanied by a series of workshops and events in the dedicated **Heritage Craft Room**, where visitors are encouraged to have a go themselves.

Bradford's heritage buildings provide a striking backdrop to museums and galleries across the district. At **Cartwright Hall Art Gallery**, artist **Jim Moir (Vic Reeves)** presents **Neo Fauna (until 31 August)**, while **Bill Bailey's Extraordinary Portraits** are on show at **Loading Bay** in the city centre (**until 26 July**). At **Salts Mill** in Saltaire, **David Hockney's iconic work** sits alongside independent shops, cafés and exhibition spaces.

This year marks **25 years of Saltaire as a UNESCO World Heritage Site**, where heritage and creativity continue to sit side by side. Visitors can take part in workshops at **The Little Craft House** or create their own pottery keepsake at **Salts Pots**.

Here in the **Worth Valley**, creativity is already part of everyday life. **Haworth's moorland landscape** continues to inspire walkers and artists, while the **Brontë Parsonage Museum** brings

the period to life through demonstrations of traditional crafts including lace making and Victorian hair jewellery.

Haworth Festival adds a contemporary layer, celebrating the village as a living creative community with music, literature, theatre and workshops. Why not take part, try a **pottery session** at **The Classroom** at **Cobbles & Clay**, join community activity at **South Square** in **Thornton**, or simply

challenge yourself to visit familiar places with fresh eyes? Beside the **River Wharfe, Ilkley** offers independent shops, restaurants and a lively programme of events, including the **Summer Makers Fair** at **Ilkley Manor House (25–26 July)**, the **Real Ilkley Food Market**, and creative workshops at **Mrs Dutton's Wondrous Workshops**. Over the **August Bank Holiday (30–31 August)**, **Bard in the Yard** returns with outdoor theatre at **Ilkley Manor House**.

Discover Haworth Men's Shed Your New Local Community

Are you looking for a place to connect, make friends, or simply enjoy a friendly chat? Welcome to Haworth Men's Shed, a growing community hub dedicated to improving wellbeing, combating loneliness, and fostering friendships right here in our village.

What is a Men's Shed?

A "Shed" is more than just a building, it is a network of relationships. While inspired by the traditional garden shed, our community hub will offer far more resources and company than you could find at home. It is a welcoming, non-commercial space where men can come together to:

- **Make and Mend:** Whether you are an expert woodworker or just want to try your hand at upcycling, model making, general repairs or photography, you'll find help and encouragement.
- **Share Skills:** Our members have a wealth of knowledge to pass on. If you have a trade or a hobby, come and share it. If you have nothing to offer but curiosity, come and learn something new. Our activities will ultimately be shaped by the interests and skills of our members.
- **Connect and Chat:** Not everyone comes to work. Sometimes the most important activity is just grabbing a cup of tea, having a biscuit and enjoying the camaraderie that is often missing in daily life.
- **Enjoy a Group Activity or a Day Trip:** As we grow, we are planning to offer some fun group activities including quizzes, speakers and day trips in addition to our workshop activities.

Why Join Us?

Life transitions such as retirement, bereavement, or moving to a new area can sometimes lead to isolation. Research shows that Men's Sheds are remarkably effective at improving mental health and reducing feelings of loneliness. By fostering a

sense of purpose and providing a supportive, pressure-free environment, we help members feel valued and connected to their community. As one member shared, "Now it's like I've got everything to look forward to."

Help Us Build Our Future

We are currently in the early, exciting stages of developing the Haworth Men's Shed. We are currently meeting socially at the Hall Green Baptist Church (lower room) every 1st and 3rd Tuesday of the month from 1.00pm till 3.00pm. We are working hard to secure a permanent space in the village for our Shed, where we will be able to establish our workshop. We have already received some generous donations of tools and equipment to help us get up and running with activities once we have our own workshop. Your involvement at this exciting stage in our development is invaluable, whether you have relevant skills, or simply want to support a local initiative. We want as many men to be a part of our journey as possible and benefit from this vital service in our village.

Come and Meet Us

You don't need an application, a CV, or a set of tools to join us and everyone aged 18 or over is welcome. Simply drop in to one of our regular meetings to see what we are about, enjoy a cuppa, and hopefully meet some new friends.

For more information, please email us at haworthmensshed@gmail.com or visit our Facebook page. You can also learn more about the UK Men's Sheds Association at menssheds.org.uk

We look forward to meeting you!

Denture Problems Look no further...

Who are we?

Our Keighley Denture Expert is Matthew Varley (Dip CDT RCS)

Matthew Varley is the partner and Managing Director of My Denture

Clinics, here he works as a Clinical Dental Technician (Dip CDT RCS).

Matt was born and raised in Pudsey, where he met his wife Angela Varley at school. They have 2 sons; Ray and Austin, he hopes one day they will follow him into the dental profession and share in his passion for dentistry.

Within his 23 years of experience, Matt has changed the lives and smiles of many, some of which are during one day implant immediate loading cases, and same day smiles, which he specialises in. The regular accolades received from clients and patients alike are testament to his passion for his work. Matt has a keen eye for detail and endeavours to provide the best care possible. Matthew completed his dental technology qualification at Leeds Dental Institute, he finished first in his class achieving distinctions throughout and was awarded overall best student and the acclaimed technical achievement award.

Matthew Varley started his journey as a Registered Dental Technician (RDT), however after 23 years experience working as a RDT in highly acclaimed laboratories, Matt made the decision in 2018 to set up his own business alongside fellow business partner Joseph O'Reilly.

Matt also returned to university to further his dental knowledge and become a Clinical Dental Technician, receiving the prestigious royal college of surgeons (Dip CDT RCS).

How can we help you?

Technology has moved on massively over the last few years as far as dentures are concerned. The fact is, **you don't have to suffer badly designed or ill fitting dentures anymore.**

However, replacing your teeth is more than trusting someone with your smile. Your appearance and the way people perceive you is also at stake.

Matt creates dentures which can offer the dual effect of restoring your smile and correcting the proportions of your face.

He can add volume to your lower face and upper lip region to achieve a more natural, youthful look. Everyone is different, so your dentures are influenced by your age, personality and gender to ensure they look perfectly natural. Matt will discuss your individual needs and the best choices available before providing you with the information you require to determine what is right for you.

The smallest alteration can make the biggest change and Matt is committed to providing the highest level of care, quality materials and the latest digital technology to achieve the best results for you.

Matt's ambition is also his craft, creating lifelike smiles through dentures and implant supported prosthesis.

Everybody has the right to smile!

Contact us: info@worthvalleymag.co.uk

*Would you like to be more confident?
Do you suffer from denture discomfort?
Loose or ill-fitting dentures?
Afraid to smile?*

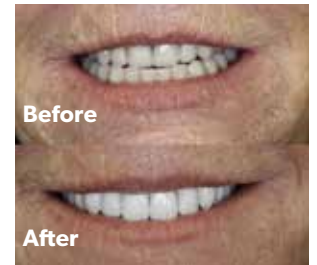

With our clinical denture expert Matthew Varley, who has restored thousands of smiles - you're sure to feel more confident and be you again.

From Frustration to Clarity

One of our lovely transformation cases. Patient LS struggled for years. Aesthetics were compromised along with facial support looking very strained. With our Diamond range of dentures, aesthetics were restored with full facial support in the correct position.

BEHIND THE SCENES AT THE MUSEUM

It's certainly feeling like summer here at the Brontë Parsonage Museum, and we've got plenty in store to keep the whole family entertained, and lots of events which you can pop in to for free when you visit the Museum.

We're very excited to be taking part in this year's **Bradford Heritage Festival**, between **Monday 13th and Sunday 19th July**. We'll be hosting a **daily guided walk up to Penistone Hill** where you can be inspired by the very same

landscape that was so beloved by the Brontës and explore the remnants of the area's industrial past. We'll also be joined by storyteller **Sophia Hatfield on Wednesday 15th July**, who will be performing her unique take on local tales and folklore with music, costumes, and props! Plus, **Thursday, 16th July** you can take a trip back to 1848 and **A Saunter Round the Sights (and a Canter up the Cobbles)** with the Brontës own faithful servant **Tabby Ackroyd and Haworth grave-digger**

John Brown. This outdoor performance brings history to life, starting from the Brontë Parsonage Museum and heading out to the churchyard and the cobbles at the top of Main

Street. **On Saturday 1st August**, we'll be joined again by conceptual artist and historian **Donna Lawson** who will be demonstrating techniques used in creating Victorian hair jewellery. Plus, on **Saturday 15th August** we'll be joined by lacemaker **Catherine Lillie**, who recently led a sold-out workshop at the Museum. Catherine will be showcasing the art of bobbin lacemaking. Through her work, she aims to revive the endangered craft of bobbin lacemaking through participation and teaching, so come along and be inspired! **All these events are free with admission to the Brontë Parsonage Museum**, and remember, if you live locally, you can book Museum tickets for just **£9** and come back as many times as you'd like within 12 months! **bronte.org.uk**.

Gazpacho

This classic chilled soup comes from southern Spain, where it's been keeping people cool for generations.

by Martin Lingard

This is probably the easiest recipe I'll ever write – there's no cooking involved! It's perfect for hot summer evenings, just like the one I'm writing this on.

The secret is to use really ripe, large tomatoes and a good quality extra virgin olive oil. You can use red wine vinegar if that's what you have, but sherry vinegar really does make a difference. I also like to save a little of the tomato, pepper and cucumber, finely chopped, to sprinkle over the top with an extra drizzle of olive oil. You'll often find gazpacho served with croutons in restaurants. Feel free to add them if you like, though they're not really to my taste.

Serves 4–6, depending on appetite and what you're serving it with.

Ingredients

75g stale bread, soaked in cold water for 20–30 minutes

1 kg large, very ripe tomatoes, halved

2 large red peppers, deseeded and roughly chopped

2 cloves garlic, peeled

1 cucumber, peeled, deseeded and roughly chopped

150ml good quality extra virgin olive oil
3 tbsp sherry vinegar
1–2 tsp sea salt, to taste

Method

Scoop the pulp and seeds from the tomatoes into a large sieve set over a bowl. Push as much of the juice and pulp through the sieve as you can, then discard the seeds and rinse the sieve; you'll need it again later. Squeeze the water from the soaked bread and add it to the tomato juice. Add the tomatoes, peppers, garlic, cucumber, olive oil, sherry vinegar and salt, then give everything a good mix.

Working in batches, blend the mixture in a liquidiser or food processor until smooth, then pour it through the clean sieve into your serving bowl. You may need to help it through with the back of a spoon or a spatula.

Cover and chill in the fridge for at least a couple of hours. Before serving, check the consistency. If it's a little thicker than you'd like, simply stir in a splash of ice-cold water. Serve in chilled soup bowls, topped with the reserved chopped tomato, pepper and cucumber, and finish with a final drizzle of olive oil.

With 111 classes covering vegetables, flowers, fruit, baking, preserves, handicrafts, photography and children's entries, there's truly something for everyone. New exhibitors are especially welcome, with beginner classes available, and entries cost
